Defense Medical Logistics Standard Support (DMLSS)

DMLSS is an information technology system within the Defense Medical Logistics – Enterprise Solution (DML-ES) portfolio. The DML-ES portfolio provides a continuum of medical logistics support for the Defense Health Agency. DMLSS delivers an automated and integrated information system with a comprehensive range of medical materiel, equipment, war reserve materiel and facilities management functions.

Product Features

- ☐ Allow customers to select and order medical supplies for the best value
- ☐ Implement just-in-time logistics, eliminating large stocks of inventory
- ☐ Help hospitals and clinics manage facilities and maintain medical equipment

Benefits to the Defense Health Agency

- ☐ Reduce the time health care providers and professionals spend on logistics planning and management
- ☐ Improve the effectiveness, efficiency and quality of health care delivery
- ☐ Permit the DHA to be compliant with federal standards
 - Federal Drug Administration
 - Federal Information Security Management Act
 - Federal Financial Management Improvement Act
 - Joint Commission
